Re: Pricewaterhousecoopers Inc., LIT (A) v. Perpetual Energy Inc. (R) and others
Appeal No. 1901-0255AC

Justice Veldhuis has instructed me to send the following message:

An application has been brought by PwC for various forms of relief. This includes an application for reconsideration, an application for my recusal on the grounds of reasonable apprehension of bias and an application to permit an appeal to a panel of this Court. I have reviewed the materials submitted by all parties and am satisfied that in the unique circumstances of this case, it would be appropriate for a full panel of the court to hear the application in full.

The issues of costs of this application, the previous application before me and costs of the appeal will be determined by the panel.

Should Mr. Darby wish to intervene in his personal capacity or to make submissions to the panel, such an application should be referred to that panel for decision.

A panel application date that is suitable to the parties and Mr. Kruger can be coordinated through me. Note that dates reserved for panel applications are available on the Court's website.

Best regards,

A handwritten signature in blue ink that reads "L. Baptiste". The signature is stylized, with a large initial "L" and a cursive "Baptiste".
